“I believe that your life is yours to live for your purpose in the pursuit of your dreams and happiness. Jared Polis believes your life is not yours and that you will live it for whatever purpose he or the government decides it should be lived for.”

- Stephen Bailey

This publication is committed to fostering and advancing good ideas wherever in the world it may be. The ideas of life, liberty, property and the pursuit of happiness.

With this in mind, *Free Enterprise* enthusiastically endorses Stephen Bailey for Congressman in the Second District of Colorado. Stephen Bailey if elected, will ensure the Statist juggernaut which is trampling the individual rights of Americans everywhere is stopped. Stephen Bailey will fight to repeal ObamaCare and fight to stop all the other unconstitutional proposals of Obama and his allies. Stephen Bailey will remind the Tax and Spend politicians that man has the moral right to keep the fruits of his labour. Stephen Bailey will fight to make sure that the government knows your life belongs to you and that it won't be used for whatever sacrificial purpose the Collectivists have in mind.

A vote for Stephen Bailey, is a vote for the Constitution, the Founding Fathers, and everything that's right with America.
